

SEATING  
**NEZ**

**CODESS**

Nez headrest provides step-less height adjustment up to 5mm. Constructed by stretching mesh fabric over a spring polypropylene frame.

With the 4-D arms, support is adjustable from side to side, back to front and pivoting in or out. the arms arms also adjust up and down in height.

The chair provides science-based ergonomics, personalised comfort and design, and durability at a sensible price.

Highlights include Fin-Type lumbar support where the pad is designed to be flexible, allowing it to move with the user. This reacts to the user's movements during their work.

Nez incorporates sustainable products that reduce environmental impact - Nez is made with 97% recyclable materials.
